

مؤسسة التنمية الأسرية
Family Development Foundation

Excellent Services & Offers *Only for our Senior Citizens*

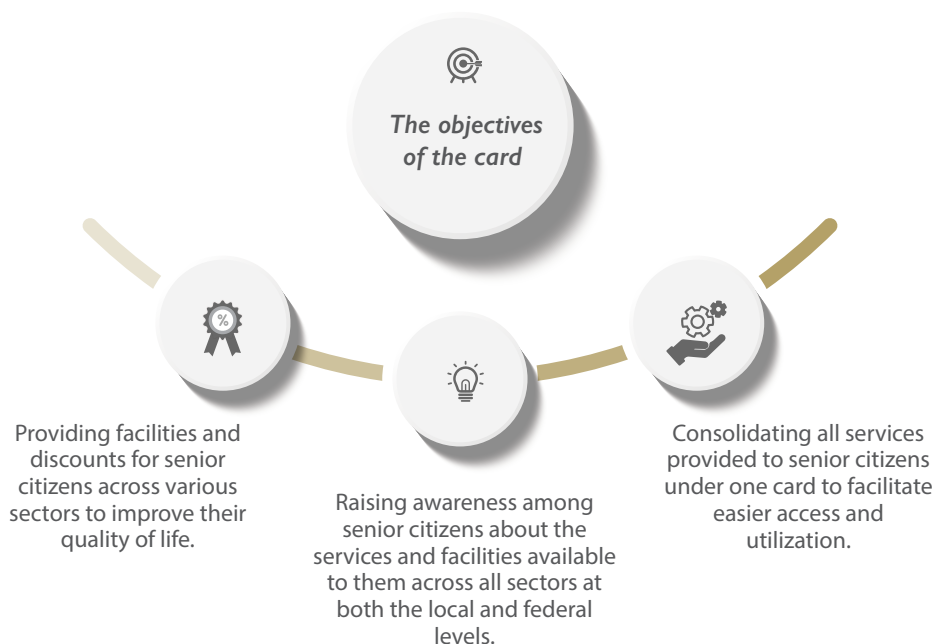

مؤسسة التنمية الأسرية
Family Development Foundation

Introduction

Based on the vision and mission of the Family Development Foundation and its areas of focus, which centre on providing integrated and comprehensive support for senior citizens, the “Barakitna” card offers a range of services, facilities, and discounts from government, semi-government, and private sector entities, with the aim of enhancing quality of life and ensuring a dignified and secure life for our elderly.

Barakitna Card Benefits

01

Granting cardholders priority in government entities to complete their transactions, as stipulated in Federal Law No. 9 of 2019 concerning the Rights of Senior Citizens, Article (10) on preferential treatment. This is achieved by giving the interests of senior citizens priority and precedence over others, particularly in the completion of their transactions and services.

02

Enabling senior citizens to be informed about the services provided by participating government, semi-government, and private entities through the booklet attached to the card, thereby facilitating their access to and utilization of these services.

03

Providing all services, facilities, and benefits offered by government entities to senior citizens and residents within a single card.

04

Assisting senior citizens in completing their electronic applications through a staff member at the entity, in cases where they are unable to utilize digital services.
